

Quantum Range

Contemporary stainless
steel handles designed
in the UK

Why choose Quantum?

Choosing the right handle can make all the difference. Whether it's for your windows, patio or entrance doors, the Quantum range provides an uncompromising combination of elegance and durability.

Manufactured from 316 marine grade stainless steel, our high-quality handles are built to deliver long-lasting, low-maintenance, reliable performance for both residential and commercial projects, with styles to match both contemporary and traditional aesthetics.

Outstanding Performance

Every Quantum handle is manufactured to the same exacting standards, so whatever the weather, you can be certain that it has been engineered to last.

- Wide choice of sleek, contemporary designs
- Highly corrosion-resistant 316 marine grade stainless steel provides high-strength and long-life performance
- High quality satin finish
- Tailor-made to stand up to even the most challenging environments
- Minimum 1.5mm wall thickness on all products – enhancing the strength and feel of your door or window
- Standard brass fixing ferrules
- Full 10-year mechanical guarantee

Bringing those perfect finishing touches to your home

Taking high-end, modern designs and bringing them to life in your home.

Quantum is a refined range of window and door hardware, with outstanding performance to match its elegant appearance.

From classic square window handles to stunning multipoint lever door handles and from contemporary stays through to precision hinges, ensuring every product receives the same attention to detail and focus on quality that customers have come to expect from Smart.

Casement Window Handle

Manufactured from 316 marine grade stainless steel, this sleek contemporary lockable handle is ideal for even the harshest environments.

- Left and right-handed options available
- 9mm spindle
- 14mm diameter bar

Window Casement Stay

This beautiful, classically designed stay has been developed to mimic the look of traditional timber window stays. With a sleek, contemporary design, it's perfectly suited for both indoor and outdoor use.

- Supplied in a satin stainless steel finish
- 290mm long

Tilt and Turn Handle – Non lockable

The stylish Quantum Tilt and Turn handle features a four-stage click action, to provide great functionality and precise, reliable operation.

- Manufactured from 316 marine grade stainless steel
- 25mm spindle
- Supplied on an oval backplate

♦ Add a modern twist to any home

Quantum's sleek and stylish designs are timeless and suitable for all types of rooms and styles.

We provide the finest quality door hardware, which has been developed to provide the perfect finishing touch to any door. Equally suitable for indoor and outdoor use, every handle will deliver robust, reliable performance, even in the most demanding environments.

Dual Sprung Lever Door Handle

This stunning stainless steel handle will make sure your door stands out from the crowd. Featuring a dual sprung action, this high-quality handle always returns to 90°.
